CAH ConnectionsSM
Gold Program

Gold Certified Patch Cords

LYNN, a certified partner in the Corning Cable Systems CAH ConnectionSM Gold Program, delivers high performance fiber patch cords with the speed and flexibility of a U.S. based cable assembly house.

Every patch cord is built using Corning gold-certified components and backed by Corning's world class quality standards. LYNN's simplex and duplex patch cords qualify for Corning's Extended WarrantySM Program, providing 25 years of coverage when installed by a certified Network of Preferred Installers. Even more important for your deadlines, LYNN keeps these products stocked and ready to ship in a wide range of connector types and configurations.

Corning's trusted performance and LYNN's rapid availability

- ✓ Manufactured by LYNN, a Corning CAH ConnectionsSM Gold Partner
- ✓ Backed by Corning Cable Systems, a global optical components leader
