

Long Style SlimFIT™ Compact Inline Wallmount

FPP-01-W-G4

The Long Style SlimFIT™ Compact is a wall-mounted, single fiber patch solution designed to provide a clean and secure indoor fiber connection point. This unit comes pre-configured with one simplex SC/APC adapter centered in the middle of the box to provide enhanced protection for the fiber adapter.

- **Enhanced Security:** Centered SC/APC adapter placement provides added protection to the cable.
- **Easy Installation:** Pre-configured with 1 simplex SC/APC adapter.
- **Adapter Protection:** Design shields the fiber adapter from damage and wear.
- **Clean Appearance:** White finish blends seamlessly into indoor environments.
- **Saves Time in Field:** Mounts directly to the wall without having to remove the adapter first.
- Also available in LC Duplex

FPP-01-W-G4
